

Variable Speed Control Motor HD-E1-V (110V)

HD-E1-V series variable speed control electric motors,

Power: 485W 1 ϕ 110V 50 / 60HZ, Max. viscosity 1000cps, max. RPM 20000RPM (no load), casing use fireproof insulation materials, overheated protector, and approved by CE certificate.

VARIABLE SPEED CONTROL MOTOR

HD-E1-V 110 V / 1 ϕ / 50-60Hz / 485w

HD-E2-V 220 V / 1 ϕ / 50-60Hz / 485w

Max. Viscosity: 1,000cps

Max. RPM: 20,000rpm (NO-LOAD)

Overheated Protector

Safety Handling Switch

Casing use fireproof material

5m SJT Electronic Wire & Plug Included

Protection: IP44

Weight: 3 kg
